“ You were the first to take me to Disneyland
First to teach me how to make a grilled cheese sandwich (after I put
2 pieces of toast in the toaster and threw cheese on it)
First to teach me how to pitch a tent (we camped everywhere)
First to buy me a training bra (and wasn't embarrassed)
First to have me ditch school to go to Great America
First to lecture me about working and saving money
First to show me what it takes to own your own business
First to show me how to hitch a boat, dock it and then you dropped
it on your toe while getting it in the water lol (took the whole toenail
off)
First to teach me how to check the oil in my car (1979 hatchback
Honda Civic you bought me for \$500)
First to teach me to drive a stick shift
First to take me camping up the Oregon, Washington and Canada
coast.
First to take me to Yosemite every year
First to show me all the fancy restaurants
First to buy me a water bed lol
First to take me shopping at Clothestime and drop me off, give me
your credit and let me shop all day with it..
First to take a walk with my highschool boyfriend and let him know
my curfew and not to be a minute late plus some other rules I didn't
get to hear (you even hired him to work for you)
First to watch the Simpsons, Road runner, Tasmanian devil and
Elmer Fudd with.
First to make me love Sade and Janet Jackson
First to be there when I was in labor with Jake and bust out the
video camera lol (I told you to stop recording)
First to put a roof on my first house
First to pick me up when I was 4 years old and say you belong with
us
First to say call me Dad

You seriously were the best example of how a man should be as a
Dad and Husband. You are the reason I have such a great husband

now. I wish you had more time on this earth because you would've had so much fun with your grandkids, you would've loved Eric. I wish with every fiber of my being that I could turn back time and change your path and keep you healthy. I hate that you missed all my other firsts...it's not fair!!!! But the only thing that makes me feel better is that...at least I had you all those years and I hope I was the best daughter to you, I hope you're watching down on me and proud. I honestly have no bad memory of you and I will tell your grandkids all the great stories about you and taking them to Yosemite every year and talk about you.

*I'll miss you so much...you have no idea.
I love you Dad*
