“ To the family of Marie Huemoeller:

I send my deepest sympathy following the loss of your beloved Marie. I had the pleasure of working with Marie at United during the last 5 years before she retired. United and many fellow employees may not have known Marie the way I saw her day in and day out on the job. You could not find a more dedicated and compassionate person who took her job seriously and she tried to give the best service that she could to our customers.

One day after I had retired, I ran in to Marie in the baggage claim area at SFO. After exchanges about our flights and our trip, our conversation turned to "where did you park"? I had parked at the long term lot.

Marie informed me about the United retiree free parking across from the UAL maintenance base. I didn't know about this free parking for retirees, but since that day, I have been using it whenever I have had an opportunity, and it has saved me hundreds of dollars. Thank you Marie. You were a true friend and I will miss you. I hope this benefits others who may not know.

Again, my deepest sympathy to all her family members.

*Sincerely,
Gib Cattanach*

“ *I remember when I was about 7 years old I came in the house one afternoon. Marie was sitting at the kitchen table and she said she had won a paint set for me. The radio station had some kind of radio bingo and she was playing a card for each of us. I thought that was really neat but no paint set came and I forgot all about it.*

It must have been a month or more later a man was cutting grass in the ditch by the highway in front of our farm and he found a box. We don't know how it got there but it was my paint set. Then I was really excited. I thought what Marie had done was so cool (actually I probably thought it was neat - cool wasn't in my vocabulary yet) because I thought she could have kept that paint set for herself and I would never have known the difference.
