“ Lee has been my dear friend from the time we were 15 years old when she came to Antioch from Wyoming. We shared years of good times, some not so good, but always there for each other. I shared the following thought to her in the birthday card I sent to her: " Everyone has a friend through each stage of life. But lucky are the ones who have the same friend through all stages of life." I share my sorrow with all of her family, Ted, Donna and all the rest of those who were so dear to her. May you be with God, dear Lee.

Love...Dolly
