“ Florene:

We were shocked and saddened to learn of Oliver's passing. As much tender care you provided him over these past few years, it must be an emptiness now without him. Yet, he's now free of his encumbrances and enjoying his reunions with those who passed before him. We know you'll see him and enjoy his companionship again someday. In the meantime, carry on as he would want you to do.

We join you in mourning his loss and celebrating his very full, satisfying life.

Love,

Dick and Jane
