“ Dear Ravi kaka,
You hold a special place in my heart. Kali wada means Ravi kaka has been forever been etched in my mind. Your warm heart and selflessness, forever eager to help, to shower all with love and care has imprinted your memories in me. You are an inspiration to all the coming generations of Kalis. With a heavy heart and an emptiness within I bid you farewell.
Lots of love Ruchi...

“ Dear Ravi I will always have great memories of flying kites, playing cards and eating mangoes when I came to Nagpur for summer vacation. Your selflessness and loyalty will always light as a beacon to guide us all over the right path to follow. We all feel that you have been taken from us unexpectedly early yet now we muster the strength to hope you are in a peaceful place. This is the only thought that will give us the strength to bear the loss of your company. Govind, Monica, Anita and Ajay share Kali family's grief and will always be there for them with love.
