“ Scott was one of the best guys I have ever had the pleasure of knowing! He was also hands down the best brother I could have asked for. I could not have hand picked a better brother! I love him and miss him so much. It's strange, I've lost both parents and my husband but my brothers death has affected me so much more, (probably because I knew Scott 34yrs longer than my amazing father 30 yrs longer than my fantastic mother and 25 yrs longer than my fabulous husband! I miss you so much Scott it hurts, I love you and your forever in my heart r.i.p. bro
